

## **Ring Game Rules**

You must catch the ring on your arm while in the end zone while the ring has been tossed from outside of the end zone. You can score in either end zone.

All throws must be outside of the end zone to a catcher in the end zone

The ring must be thrown not handed to. The ring must be handed or thrown to at least four different people before a attempt at a score can be made.

You can run with the ring, but once you stop you cannot run again

No one is allowed to touch you at anytime.
